Thank you

Hello my fellows in recovery,

I am grateful for this opportunity to be of service to the fellowship. I have met with Michelle and done an initial overview of responsibilities. I have access to the email and have done what I can to make a smooth transition. I will be sending around a list to be updated. If you are new to area or otherwise wish to receive ASC updates, please add your email address to the list or send it to me at [ascsecretary@newana.org](mailto:ascsecretary@newana.org). I'm still working and learning as I go.

Thank you for allowing me to be of service,

Mandy J.

Good morning family!

Another great weekend at Region is in the books. Most of this region consisted of tallying the CAR votes from the areas and going over business related items. I attended the Literature subcommittee on all subs day and I can be used as a resource to our literature chair to start going over the price increases of NA material, which will go into effect on 07/01/2018.

So a breakdown of what went on. On Friday night we had a good discussion about the Fellowship Intellectual Property Trust document. The Region of South Florida has requested a full investigation on our FIPT document and there has been a lot of talk over this. South Florida has requested this; however, the World Board requested more information and clarification on the investigation and at that point lawyers were brought in to the discussions. There was talk about if we should develop work groups for the FIPT document; however, MANY of us have not read the document in it's entirety.

After that discussion we went on to voting for elected members. Northeast Washington nominated Justin H. of Northeast Washington to be the Public Information Chair, of which has been the Vice Chair of our Regions Public Information for some time.

Something really great happened at this region. A motion was brought to the floor for WNIR to adopt and financially support fellowship development in the Alaska Region for a one time contribution of \$1,349.90. On this motion, we have a member in our Region that came from Alaska and helped speak on this motion the importance to get help up there. Northeast Washington voted in favor of this motion and the motion passed to send money to Alaska specifically to help better communication for online/phone meetings.

Just so everyone knows, our Region won the bid for Western States Learning Days (WSLD) and there will be zoom meetings on the Last Tuesday of each month at 8pm. The zoom meeting code is 378317726. It is a great way to get involved in service and meet new people.

The World Service Conference just took place last weekend and after this upcoming Region, I will have all the CAR results for everyone to view.

Thank you for allowing me to service!

Nathan H. – RCM I

At the last meeting there was a discussion about the cost of Regions Insurance almost doubling. This was in regards to a member who sued because they were in a part of the facility they weren't supposed to be and was hurt. CNF's final audit was last weekend so the event summary (final numbers) will be available at July C&E meeting. WNIRCNA's final audit will be in July and event summary (final numbers) will be available after that time.
